Anatomic, Molecular, Hematopathology Research Day
February 18, 2012
BSRB

Keynote Speaker: Christopher Corless, MD, PhD
Professor of Pathology
Oregon Health and Science University

Target Audience: UM Pathology faculty and trainees

Expected results: Attendees will learn new tools and techniques to apply to their own areas of investigative interest, and identify opportunities for collaborative research.

Program:
Abstract presentations to include work recently presented at national and international meetings, as well as projects supported by the AP Projects Funding Committee. All works in progress are invited for brief presentation and peer input.

Platform Presentations: 9:00-10:00am & 11:15-12:15pm
Poster Sessions: 10:00-11:15am

Keynote Speaker: 1:15-2:15pm

The University of Michigan Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
The University of Michigan Medical School designates this live activity for 4.25 hours AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
Christopher Corless, MD, PhD
Professor of Pathology
Oregon Health & Science University

After undergraduate studies at the Univ. of California, Berkeley, Professor Corless received his MD and PhD degrees from Washington University, St. Louis. He did his residency training in Anatomic Pathology at the Brigham & Women's Hospital, Boston, where he also completed fellowship training in GI Pathology and GU Pathology. In 1994, he joined the faculty of Oregon Health & Science University as an Assistant Professor. He has served as the residency program director in Pathology and medical director of surgical pathology for OHSU Hospital. He is an Associate Director of the Oregon Clinical & Translational Research Institute, and he presently serves as Chief Medical Officer for the OHSU Knight Diagnostic Laboratories. In addition to practicing surgical pathology, Dr. Corless has expertise in the application of molecular diagnostics to the classification and prognostication of solid tumors. He was promoted to Professor of Pathology in 2004 and is an author on over 200 publications.
PROGRAM
08:30 – 09:30 continental breakfast (The Moveable Feast)

abstract presentations
1) poster presentations recycled from national/international meetings
2) all projects currently funded by the AP Projects Funding Committee, including works in progress
3) any other works in progress from investigators seeking input

09:00 – 10:00 am platform session (4)

10:00 – 11:15 am poster session & break

11:15 – 12:15 pm platform presentations (4)

12:15 – 1:15 pm LUNCH (The Moveable Feast)

1:15 – 2:15 pm Keynote speaker, Dr. Christopher Corless, Professor of Pathology, Oregon Health and Science University

2:15 – 2:30 pm Q&A

2:30 pm ADJOURN
3rd Annual APMPHP Research Day

Saturday, February 18, 2012
8:30 am – 2:30 pm
BSRB

BE THERE!
