DIVISION OF ANATOMIC PATHOLOGY
AP QA MEETING

Thursday, April 12, 2011
11:30 am – 1:00 pm
Dow Auditorium, Towsley Center

AGENDA

11:30 – 11:40
Welcome – Dr. Jeffrey Myers

11:40 – 11:55
Follow-up: Improving Efficiency of Ordering Inventory and Tracking Orders; From Idea (Excel) to Implementation (Web Site) – Brian Smola

GOAL: How a web-based ordering system provides a streamlined solution to the problems of managing inventory.

11:55 – 12:10
OPPE: An Update – Scott Owens

GOAL: Bring AP faculty and staff up-to-date on ongoing professional practice evaluation activities and initial data collection.

12:10 – 12:25
Whole Mount Prostates: Putting the Puzzle Back Together – Maegan Weighman and Matt Gabbeart

GOAL: Reduce radical prostatectomy grossing time, amount of cassettes, and pathologist review time.

12:25 – 12:45
Specimen Slide/Block Tracking Outline – Brent Temple

GOAL: An outline proposed for tracking specimen slides and blocks that come into CATCAR for distributing to pathologists for testing. To organize as such in an attempt to keep specimens tracked within a database for instant recording and observance.

12:45 – 12:55
One Stop Shopping – Lisa Taulbee

GOAL: Standardization of slide area in reading rooms
