Participants of Dr. Karner’s presentation, should be able to:
- Describe the current testing methodologies available for several common hematologic malignancies.
- Explain some of the pitfalls and caveats to test interpretation 3. Discuss new directions for molecular hematopathology testing and methods that are likely to become more common in the future.

Hotel Room Reservations
Overnight accommodations are available at The Dearborn Inn. A block of rooms is currently being reserved at a group rate of $129.00, reference Michigan Society of Pathologists. Call reservations at 734-414-0600. 
Cut off date is April 12, 2013.

Location Directions
Directions: The Dearborn Inn is located at 20301 Oakwood Blvd, Dearborn, MI 48124. Take I-94 East to Detroit. Exit at Southfield Freeway North. Go 3 miles to Oakwood Blvd., left 2 miles.

**Program Agenda, May 4, 2013**

7:00 am Board of Trustees Meeting
7:30 am Registration Opens
8:00 am Continental Breakfast
8:30 am Presentation by Kathryn Foucar, MD
**"Myeloid Neoplasms Boot Camp: From CML to AML, “ From B to T: New Strategies for Lymphoid Disorders” and Diagnostic Pitfalls: How to Avoid the Cliff”**
10:30 am Break
11:00 am Continuation by Dr. Foucar
12:15 pm Membership Business Meeting Business Meeting
1:30 pm Jeffrey Zonder, MD "Diagnosis and Prognosis of Multiple Myeloma and Related Diseases"
2:30 pm Kristin Hunt-Karner, MD Molecular Hematopathology Update: A guide to the effective use of molecular testing for the community pathologist.
3:30 pm Adjournment

---

**Accreditation**

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the College of American Pathologists (CAP) and Michigan Society of Pathologists. The College of American Pathologists is accredited by the ACCME to provide continuing medical education for physicians.

**CME Designation**

The CAP designates this live educational activity for a maximum of 5 AMA PRA Category 1 Credits™. Physicians should claim only credit commensurate with the extent of their participation in the activity.

---

**Meeting Objectives**

**Participants at Dr. Foucar’s presentation should be able to:**
- Recognize clinical and morphologic clues to myelodysplasia mimics.
- Distinguish lymphoid disorders with overlapping features.
- Classify myeloid neoplasms into major diagnostic categories.
- Describe the changing role of pathologists in bone marrow interpretation.
- Recognize the impact of molecular genetics in pathology practice.
- Describe a cost effective approach to the evaluation of lymphoid disorders in blood and bone marrow.
- List key laboratory – based prognostic factors in CLL.
- List criteria to distinguish monoclonal B-lymphocytosis from overt CLL.
- Recognize clinical and morphologic clues to myelodysplasia mimics.
- Distinguish lymphoid disorders with overlapping features.

**Participants at Dr. Zonder’s presentation should be able to:**
- Define the histopathologic criteria for making a diagnosis of multiple myeloma, MGUS, or AL-amyloidosis.
- Classify multiple myeloma and MGUS patients according to prognostic risk category based on histologic and/or cytogenetic findings.
- Cite common potential pitfalls encountered when trying to accurately diagnose and classify amyloidosis.

---

**Distinguished Presenter**

**Kathryn Foucar, MD**
Vice Chair of Clinical Affairs, Department of Pathology University of New Mexico Health Sciences Center.

**Jeffrey Zonder, MD**
is an associate professor in the Department of Oncology and Medicine at the Barbara Ann Karmanos Cancer Institute and Wayne State University School of Medicine.

**Kristin Hunt-Karner, MD**
Senior staff member Hematopathology at Henry Ford Hospital.
