COMBINED ANATOMIC, MOLECULAR, AND HEMATOPATHOLOGY RESEARCH DAY (AMHPRD)

Saturday, January 19, 2013

Biomedical Sciences Research Building (BSRB)
The University of Michigan, Ann Arbor, MI

08:30 – 09:30 am Continental Breakfast (The Moveable Feast)

08:55 am Welcome and Introduction (Megan Lim)

09:00 – 10:00 am platform session (moderators, JoAnne Vergilio and David Lucas)

9:00 Betz B et al. The utilization of cytologic direct smears for ALK rearrangement analysis of lung adenocarcinoma by fluorescence In situ hybridization.

9:30 Giordano T. Genomic analysis of papillary thyroid carcinoma.

10:00 – 11:00 am poster session

11:00 – 11:15 am break

11:15 – 12:15 pm platform presentations (moderators, Bryan Betz and Priya Kunju)

12:00 Kiel M et al. Whole-genome sequencing identifies recurrent somatic NOTCH2 mutations in splenic marginal zone lymphoma.
12:15 – 1:15 pm  Lunch (The Moveable Feast)

12:55 pm  Abstract Awards (Megan Lim and Jeffrey Myers)

1:10 pm  Introduction of Keynote speaker (Kojo Elenitoba-Johnson)

1:15 – 2:15 pm  Keynote speaker, Dr. Jonathan Fletcher, Associate Professor of Pathology, Brigham and Women’s Hospital
“Dysregulated signaling pathways in sarcoma: Diagnostic biomarkers leading to novel therapies”

2:15 – 2:30 pm  Q&A and Concluding Remarks (Kojo Elenitoba-Johnson)

2:30 pm  ADJOURN
