

SPACE RANGER SAFETY MISSION!

LAB STORY: BUZZ LIGHTYEAR
I-SPY CHALLENGE

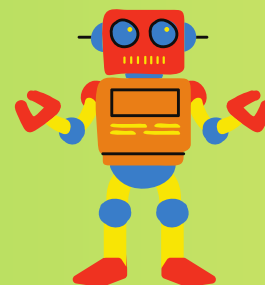

Attention Space Rangers!

Lab safety is under threat, and we need your help to protect the galaxy... or at least the laboratory.

Your Mission:

Take the quiz that shows everyday laboratory scenes. But something isn't right... safety violations are hiding in plain sight! Use your Space Ranger observation skills to spot what's wrong in each photo.

Mission Date: Monday, April 20th

Mission Location: Lab Week Website

Remember: Even Space Rangers must follow lab safety rules! Look for PPE issues, labeling problems, unsafe behaviors, and contamination risks.

TO SAFETY... AND BEYOND!
