2010 New Frontiers Conference Speakers

A. James French Lecturer

W. Dwayne Lawrence, M.D., is Chief of Pathology & Laboratory Medicine at Women's and Infants Hospital of Rhode Island as well as Professor and Vice Chair of Pathology & Laboratory Medicine at Alpert Medical School of Brown University. Dr. Lawrence specializes in Gynecologic and Obstetrical Pathology and has a special interest in medical education.

More info on Women and Infants Hospital:
Women & Infants Hospital of Rhode Island, a Care New England hospital, is one of the nation’s leading specialty hospitals for women and newborns. The primary teaching affiliate of The Warren Alpert Medical School of Brown University for obstetrics, gynecology and newborn pediatrics, Women & Infants is the seventh largest obstetrical service in the country with more than 9,000 deliveries per year. In 2009, Women & Infants opened the country's largest, single-family room neonatal intensive care unit. Women & Infants has been designated as a Breast Center of Excellence from the American College of Radiography; a Center for In Vitro Maturation Excellence by SAGE In Vitro Fertilization; and a Neonatal Resource Services Center of Excellence. It is one of the largest and most prestigious research facilities in high risk and normal obstetrics, gynecology and newborn pediatrics in the nation, and is a member of the National Cancer Institute's Gynecologic Oncology Group. The hospital was named Rhode Island's Best Place to Work by Providence Business News and a National Center of Excellence in Women's Health by the federal government. For information about Women & Infants, log on to womenandinfants.org.
